Summary

Computer Science Engineering student skilled in Full Stack Web Development and Data Analytics with expertise in the MERN stack, REST APIs, authentication systems, and responsive UI design. Experienced in building scalable web applications using React.js, Node.js, Express.js, and MongoDB. Passionate about solving real-world problems through clean code, modern web technologies, and data-driven solutions using Python, SQL, Power BI, and AI tools.

Work Experience

MERN Stack Developer Intern Labmentix PVT LTD

Aug 2025 – Present

- Building responsive full-stack web applications using React.js, Node.js, Express.js, and MongoDB.
- Developing REST APIs and integrating frontend with backend services.
- Working with Git/GitHub for version control and deployment workflows.
- Debugging and optimizing application performance.

Projects

CreateX

[GitHub](#)

- Built a full-stack MERN social media application for creating posts and viewing them in a feed.
- Implemented image upload functionality using Multer and ImageKit.
- Developed REST APIs and responsive frontend UI using React.js and Tailwind CSS.

NoteKeeper

[GitHub](#)

- Developed a MERN Notes Keeper application with create, update, delete, pin, restore, and search functionality.
- Implemented JWT authentication with cookie-based authorization and protected routes.
- Designed responsive UI using React.js and Tailwind CSS.

DriveApp - MERN File Management System

[GitHub](#)

- Built a MERN-based file management system for uploading and managing files securely.
- Implemented JWT authentication, protected routes, and REST API integration.
- Designed scalable backend architecture using Node.js, Express.js, and MongoDB.

Crowdfunding System with Anomaly Detection

[GitHub](#)

- Developed a crowdfunding platform for campaign creation and donation management.
- Integrated anomaly detection using Python Flask and machine learning concepts.
- Implemented blockchain-style transaction hash generation for secure transaction tracking.

Education

Sri Siddhartha Institute Of Technology, Tumkuru

2022 – 2026

BE in Computer Science Engineering

CGPA: 7.66/10

Prism Pre-University College, Dharwad

2020 – 2022

PU (PCMCS)

Percentage: 70%

St Joseph's High School, Dharwad

2008 – 2020

SSLC

Percentage: 72%

Skills

Frontend: HTML5, CSS3, JavaScript, React.js, Tailwind CSS

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, MySQL

Version Control: Git, GitHub

Deployment & Tools: Vercel, Render, Postman

Other Skills: Authentication & Authorization, Debugging, Problem Solving

Data Analysis: Python, Pandas, NumPy, Matplotlib, Seaborn, SQL, Power BI, MS Excel

Certifications

- Full Stack Web Development Certification
- AI Tools Workshop - Be10X

Languages

English , Kannada , Hindi
